Gladiator Waterproof Scales

Combining durability and performance, Gladiator scales achieve washdown weighing tasks in the most demanding food, pharmaceutical and industrial applications. With an IP68 rating for washdown capabilities, Gladiator features easy-to-clean stainless steel construction that is ideal for wet and dusty environments. Connectors on the bottom are IP68-rated for thorough protection. Gladiator expedites checkweighing with a large, backlit display that changes colour to show if the weight is over, under or within the set limit. Designed for maximum efficiency, Gladiator features a tactile keypad with large, colour-coded keys for easy operation.

IP68 rating means industrial-strength washdown protection

Features

- IP68-rated for protection against water and dust

Key accessories

Light tower kit including relay box

The relay box is an add-on compatible with AGB, AGF, Gladiator and AE 403 Indicator. This product allows checkweighing limits to trigger a voltage relay, allowing the scale to drive the lights, which quickly show users if a weight is under, over or within a preset limit.

RS-232 to AE 403 cable

The RS-232 interface cable (4 pin F to 9 Pin F) allows for communication with printers and computers.
